

Puredia SeaBerry™

SeaBerry, also known as Sea Buckthorn (*hippophae rhamnoides*), is nature's miracle berry packed with 190 bioactive nutrients aimed to promote the overall health and well-being of humans and animals. Puredia SeaBerry™ is grown in our 23,000 acre organic farm in the Tibetan Plateau. The intense sunlight and altitude elevation as high as 15,000ft. create an environment that stimulates the synthesis of the berries nutrients.

Valuable Healing Berry

Sea Buckthorn is a sustainable, plant based source for omega 3,6,9 as well as the rare omega-7. Seaberry is also an antioxidant powerhouse with many vitamins and minerals.

The unique nutritional profile of seaberry offers over 190 phytonutrients and supercharged antioxidants including:

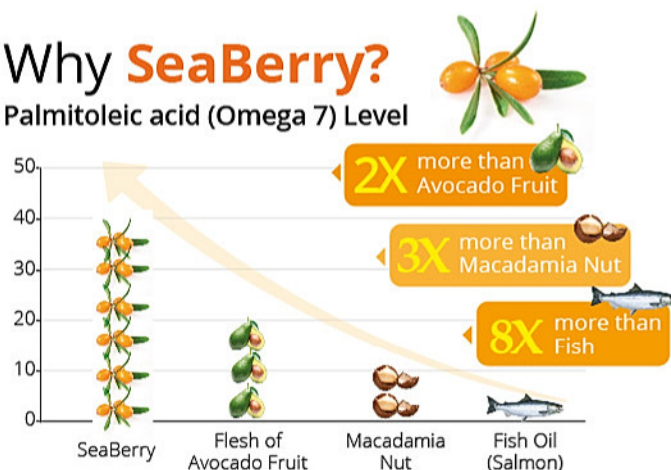

What is Omega 7?

- Strong antioxidant - cellular rejuvenation
- Anti-inflammation
- Improves cardiovascular health - cholesterol control
- Improves brain and nervous system function*
- Improve digestive function - support mucosal membrane repair
- Support metabolic syndrome - weight and blood glucose management

Why SeaBerry?

Palmitoleic acid (Omega 7) Level

With Omegas-3, 6, 9, vitamins A and E, seaberry seed oil stands out as the best plant-based Omega-3 source. The complex nutritional components of sea buckthorn seed oil work together to create a much more potent product than other Omega-3 sources.

SeaBerry™ Seed Oil Key Feature:

Omega 3,6,9
Vitamin A
Vitamin E

Health Benefits:

- Cardiovascular support: Maintain healthy cholesterol level
- Wound healing
- Anti-inflammation
- Liver protection
- Joint protection

Extraction Method	Supercritical CO ₂
